The Registers have been transcribed by Mr. Cecil T. Davis, public librarian, Wandsworth, the Rev. W. Symonds, vicar of Great Sherston, in Wilts, and the Rev. E. T. Griffiths, vicar of Cam. Help in collation has been given

by the Rev. S. E. Rudge, rector of Kingscote and Newington Bagpath, Rev. J. Melland Hall, and the Rev. F. P. G. de Freville, and to them the Editor desires to tender his best thanks. Thanks are also due to the parish clergy for leave to print the various registers.

As before, this volume is issued without any index. Hereafter the Editor hopes that it will be feasible to issue a general index for the whole county, and thus avoid that great evil—an undue multiplicity of indexes.

The reader must bear in mind that these transcripts are not legal "evidence," and that for certificates the clergy must be applied to.

The Editor desires to impress upon the reader the fact that it is only volunteer assistance that renders the issue of these Registers possible. He will gladly welcome further help in the work of transcription, especially in the north of the county, and on the west side of Severn.

Marriages at Painswick,

1547 to 1812.

NOTE.—The Registers of Marriages for the important parish of Painswick, prior to 1812, are comprised in the following six volumes:—

Vol. I contains entries of Weddings for 1547, 1551, 1557-1627; Vol. II, 1653-1705; Vol. III, 1710-1754; Vol. IV, 1758-1782; Banns Book, 1754-1802; Vol. V, 1782-1798 (printed forms); Vol. VI, 1798-1812 (printed forms).

The earliest register in Painswick thus begins:—"This is the Register booke that belongethe unto the parrishe of Panswicke, in the countie of Gloucester, Begyning in the ij yeare of kinge Edward the sixth, who began his reigne over this K[ingdom] of England the xxviijth daye of Ianuarie, one thousand five hundred [forty-seven]. Conteyninge Baptizinges, weddings, and burials."

It may be observed that the chronological order of the entries is very irregular.

The first entry is:—"Imprimis . . . . Tayler, the sonne of John Tayler, baptizd the vj of february."

Under date 1597 is this entry:—"The copie of the Letters testimoniall or Certificat of the marryage of Robert Hylman to Ayles Mayer, wrytten here and Registred by me Roger Garroll, vicar of Paynswicke and the wryter hereof as foll: To all true Christian people, and to all other the Quenes maiesties Lovinge subjects as well spirituall as temporall, to whom these Letters Testimoniall shall appertayne, &c. Jn wytnes whereof J have put to my hand, the daye and yere above wrytten, &c. By me Roger Gardner, Clerke and curatu."

Vol. II commences with: "This Register Book conteyneth in it wedings, Baptizings and Burials in the parish of Painswicke, Thomas Lygon being Register thereof, the first day of March 1653, according to ye s^d Act, and sworne by Jo: Lygon."

On p. 9 is:—"All these p'ties aforesaid were married by Iohn

Lygon, one of the Justices of the Peace of the County of Gloucr., who was buried the Tenth day of August 1656."

The transcripts of the Painswick Registers for the following years are preserved at the Registrar's Office, Gloucester:—1570-79, 1601, 1607, 1614, 1617, 1620, 1622-25, 1629, 1636, 1638-40, 1660-62, 1664, 1666-7, 1669-70, 1672, 1674-75, 1677-82, 1684-97, 1700-03, 1706-20, 1722-25, 1727-29, 1731-34, 1736-62, 1764-1811.

A transcript copy of the Monumental Inscriptions in Painswick church and churchyard was made in 1879-80, by Mr. Cecil T. Davis. An * is added to those names in the following list of marriages which appear in those inscriptions.

By the kind permission of the Revs. H. H. McCrea, M.A., W. S. Guest-Williams, M.A., and W. H. Seddon, M.A., successively vicars of Painswick, these registers were copied by the late Mr. Uriah J. Davis, of The Court House, Painswick, his son Mr. Cecil T. Davis, of Wandsworth, and Mr. W. St. Clair Baddeley, of Painswick. The MS. was compared with the original by the Rev. F. de Freville, of Painswick.

Marriages at Kingscote,

1652 to 1812.

NOTE.—The entries of Marriages in the Kingscote Register commence in the year 1652. They are contained, up to the year 1800, in three separate volumes. Volume I contains all the Marriage entries from 1652 to 1753 in the space of two folios, which are folios 13 and 14 of the Register (pp. 23-26). Volume II is stated on the cover to contain all the Marriage entries from 1754 to 1782; but the earliest entry in it is dated 1757. This is a separate Register for Marriages, and occupies 23 paper pages. Volume III is divided into three parts for Baptisms, Marriages, and Burials. The Marriage entries commence on page 15 and end on page 26. None of the volumes now extant appear to contain any entries of Marriages for the years 1801 to 1812.

The entries transcribed below have been extracted by the Rev. W. Symonds, M.A., Vicar of Sherston, Wilts, and are printed by permission of the Rev. Selwyn E. Rudge, Rector of Kingscote.

Marriages at Cam,

1569 to 1812.

NOTE.—Pages 1 to 68 of the first Register are occupied with "Christenings"; pages 69 to 92 with "Weddings"; pages 93 to 96 are wanting, and pages 97 to 156 (end) are occupied with "Burialls."

The pages, 93-96, which are wanting, do not mean that any entries of Weddings are missing, for (1) there is a clear blank space of six inches in depth after the last entry of a Wedding (Joseph Perkins and Jane Bendell), on May 24, 1708; and (2) the last five Weddings entered at the end of the first Register-book are entered also at the beginning of the second Register-book, which dates from April 4, 1708.

The first Register-book, dating from 1569 to 1708, is all of parchment, with parchment cover, and each page measures 14¾ inches long, by 6 inches wide.

WEDDINGS.

On page 69 of the Register is written the following as the heading to the Marriage Registers. The lines speak for themselves:—

Nil melius muliere bona, nil est mala peius;
Omnibus ista bonis praestat, et illa malis.

The second Register has parchment leaves and a brown leather cover, measuring 13¼ inches long, by 8 inches wide. The first page is inscribed:—"The Register Book of the Parish of Cam. Bought in the year 1708." The pages of this Register are not numbered. It contains entries of Baptisms, Marriages, and Burials from April 2, 1708, to December 26, 1806, but the original entries of Marriages from April 6, 1754, are in other Registers. and have been transcribed from them into this volume. This volume is, accordingly, followed up to April 1754, but after that date the entries are verified from the original Registers. In this Register, Baptisms, Marriages, and Burials are entered promiscuously, but chronologically, in each year: the first ten entries, given beneath, are an exact sample of the arrangement followed throughout the volume.

From this point the Register, hitherto followed, is only a Transcript of the Register of Marriages, dating from April 6, 1754. This original Register, which is followed henceforth, contains the signatures or marks of the parties married and of their witnesses, and the signature of the Officiating Clergyman, after the modern form. This Register, bound in brown sheepskin, and measuring 14¾ inches long by 9¾ inches broad, contains Marriages from April 6, 1754, to June 6, 1800. The first half of the book, completely filled, consists of entries of Marriages; the second half,

having only 53 pages (out of 80) filled up, is the Register of Banns, dating from April 14, 1754, to May 27, 1792.

These extracts have been made by the Rev. E. T. Griffiths, Vicar of Cam, who has also collated the proof with the original Register. They are now printed by his permission.

[Page 84, which comes next, is a table of the number of "all the Weddings, Christenings and Burialls, yt are registered in this Booke." The table begins from 1569, and is continued in the same handwriting to 1700; the numbers of Weddings, Christenings and Burials are given only to the end of 1679, after that, only the years are given, with blank spaces opposite, till 1699, when the numbers are given, in a later hand, till 1701, which last year is also written in a later hand.

A note, in the original handwriting, opposite the years

1641-1648, says:—"No weddings registered all these eight yeares, part of the time of the civil war; which was not quite ended till 1660. Few Christenings or Burialls Registered all these eight yeares in the heate of the warre. And in the yeares 41, 45, 46 no Burialls at all registered."

Note on 1653–1654: "No Weddings registered these two yeares."]
